

WOODGRAIN EFFECT DECKING TILE

600mm x 600mm

Decking Tiles offer the easiest and quickest way to transform an outdoor space. Available in three colours - Teak, Charcoal and Coffee - each Tile features a realistic Woodgrain effect to replicate the surface of timber decking. Decking Tiles are manufactured from a Composite material comprising of 60% recycled hardwood fibres and 40% recycled plastic, and feature a solid plastic base. Tiles are easy to link together by clicking into adjacent Tiles onto a flat and stable surface. Supplied in packs of four, each Tile measures 600mm x 600mm, giving a total coverage of 1200m x 1200m per pack. Little to no maintenance is required to keep these Tiles looking great for years to come.

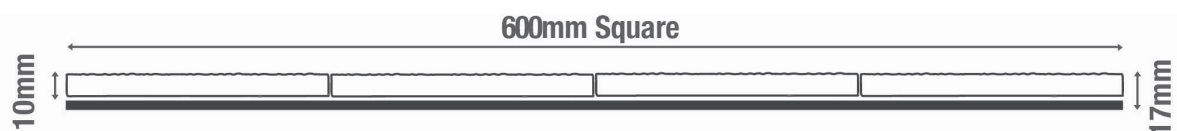

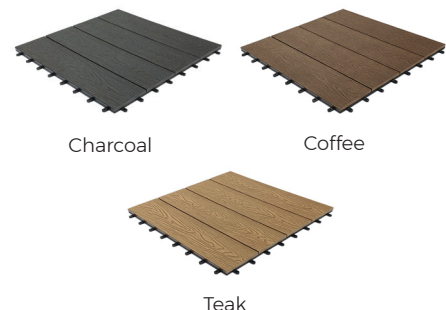

Advantages of Decking Tiles

- Flexible layouts to suit the area being covered
- Easy to install with a simple click system
- High-quality woodgrain effect
- Easy to clean, very little maintenance required
- Quick to reposition when needed
- Four times the coverage than standard tiles
- Rot and UV resistant
