

WOODGRAIN EFFECT DECKING TILE

600mm x 600mm

Large Composite Decking Tiles offer the easiest and quickest way to transform an outdoor space. Available in four colours - Teak, Charcoal, Stone Grey and Coffee - each Tile features a realistic woodgrain effect to replicate the surface of timber decking boards. Decking Tiles are manufactured from a Composite material comprising of 60% recycled hardwood fibres and 40% recycled plastic, and feature a solid plastic base. Tiles are easy to lay down by clicking adjacent Tiles together onto a flat and stable surface. Little to no maintenance is required to keep these Tiles looking great for years to come.

Advantages of Decking Tiles

- Flexible layouts to suit the area being covered
- Easy to install with a simple click system
- High-quality woodgrain effect
- Easy to clean, very little maintenance required
- Quick to reposition when needed
- Rot and UV resistant
