

FIXINGS AND SCREWS HIDDEN DECK FASTENERS

Cladco Hidden Deck Fasteners for Premium PVC Decking and Composite Bullnose Decking Boards provide a professional and discreet way of securing PVC Boards and Composite Bullnose Boards to Joists. Supplied with a Torx drill bit with a spacer attached, Screws are recessed into the surface of the Decking Board to allow for the supplied Plugs to be inserted into the gap.

Available in seven colours to match Cladco Premium PVC Decking Boards and Composite Bullnose Boards, each Plug measures 7mm in diameter. Once installed, the Plug sits flush with the surface of the Board to hide the Screw's head. Please see our Installation Guides online for more information.
