

WALL CLADDING FRAME Recycled Plastic Batten 3m

Create a resilient and supportive substructure for your Wall Cladding project with Cladco Recycled Plastic Battens, available in black.

Manufactured from 100% recycled post-consumer plastics, Cladco Recycled Plastic Battens provide a sustainable and long-lasting solution for your Wall Cladding project.

Measuring three metres in length, Battens can be cut to length using normal woodworking tools. Highly weather-resistant and rot-proof, these Battens offer an effective framework for securing external wall cladding boards to your structure.

Made from 100% recycled plastic

Environmentally friendly

10 year guarantee

Superior strength

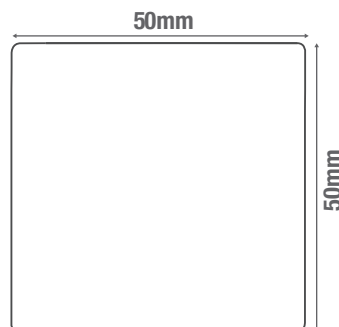

Low-absorption and rot proof material

Use with Composite and Fibre Cement Wall Cladding Boards
