

RECYCLED PLASTIC POSTS

If you want to install a raised deck, it is important to have the correct structural system. Cladco Recycled Plastic Posts have been designed to be part of your Deck's substructure. These Recycled Plastic Posts are low-maintenance, high-quality, and structurally sound to support Timber, Composite or PVC Decks.

Cladco Plastic Posts are UK made using 100% post-consumer plastics, which are shredded, melted and poured into moulds.

The Plastic Posts are a versatile and innovative alternative timber. They provide long-lasting support for your project for many years to come, and they come with a range of benefits including:

Made from 100% recycled plastic

Environmentally friendly

10 year guarantee

Superior strength

Low-absorption and rot proof material

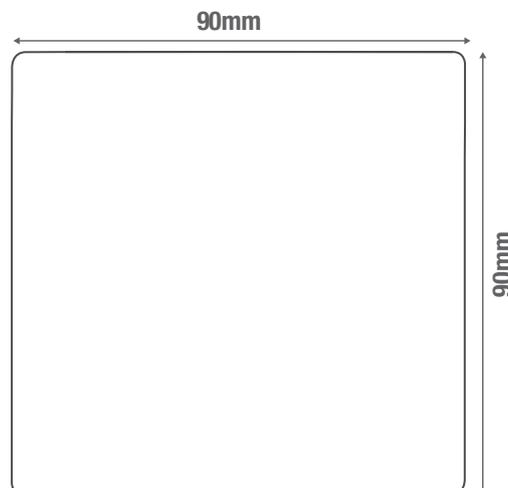

Use with PVC, Composite or Timber Decking

Use on concrete, grass or uneven ground
