

ALUMINIUM Decking Board 3.6m

Cladco Aluminium Decking is a lightweight, hard-wearing and weather-resistant Decking solution, making it the ideal product where specific building regulations apply. As a fire-rated product (A2-S1 classification), Aluminium Decking can be installed onto balconies, terraces, rooftops, gardens and more.

Available in five colours, including plain anodised Aluminium, Cladco Decking Boards are easy to install using Cladco Aluminium Joists and stainless-steel Clips and Screws.

For more information on how to install Cladco Aluminium Decking, please read our Installation Guide.
