

ALUMINIUM Joist 4m

Aluminium Joists are a robust, rot and weather-resistant Decking support system for Cladco Aluminium Decking Boards. Measuring 4 metres in length and available in a powder-coated black finish, Aluminium Joists provide a solid base.

As a lightweight product, Aluminium Joists can be secured to pedestals (not supplied) to create a lasting substructure. For more information on how to install with Cladco Aluminium Decking, please follow our Installation Guide.
