

## COMPOSITE AFTERCARE OWATROL WOOD FINISH

The water-based coating of Owatrol Composite Wood Finish is ideal for when you need to restore your Composite Decking Boards back to their best and can revive all types of exterior composite wood.

Not only is it designed to revive the colour of the wood, it also helps enhance it by offering protection from stains as well as waterproofing the surface. Its easy application involves just a brush or roller to give the desired effect and will only require one coat for fast acting results.

### Revive and Enhance Composite Decking

Owatrol Composite Wood Finish is the ideal product to ensure long-lasting stain protection for your Composite Decking Boards. Currently available in Brown and Grey, once applied its transparent tinted coating gives a matt/matt sheen finish to your decking, making the results stand out.

We recommend for use not just on Composite Decking Boards, but also all types of exterior composite wood including Cladco Cladding projects to help protect and revive for many years to come. Please note: Composite Wood Finish is supplied by Owatrol UK, an independent company. Any queries or questions, please contact them directly.
