PREMIUM PVC DECKING

Premium PVC Decking

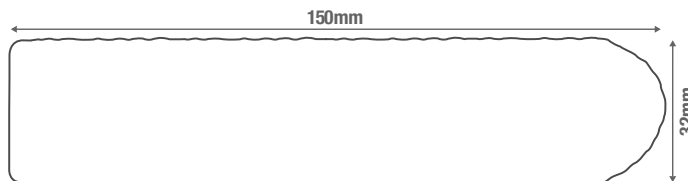

Cladco Premium PVC Decking Boards comprise of a PVC core encased in a scratch-resistant, ASA-resin coating, which is the most weather-resistant resin currently available on the market. This combination of materials makes each

PVC Decking Board hard-wearing, strong and moisture-resistant. PVC Decking is available in six colours and features a high-quality woodgrain effect finish, providing a superior, professional finish for any outdoor decking space.

COMPOSITE SLATTED CLADDING

Composite Slatted Cladding

Sometimes referred to as 'shadow gap' cladding, Slatted Cladding Panels can be installed either horizontally or vertically, and are suitable for installations on both domestic and commercial applications – or to simply create a stunning

statement wall in your outside living space. Featuring a four-slat castellation, each of our Slatted Panels gives 200mm coverage when lapped, providing a larger scope than the average slatted panel on the market.
