

PREMIUM PVC WOODGRAIN EFFECT Fascia Board 3.6m

Premium PVC Fascia Boards have specific co-extrusion technology creating a new generation of superior PVC products. Premium PVC Decking is timber free, however, will still achieve a natural wood-like effect without compromising on quality. The material ensures no concerns over fading, scratching or staining and is backed by a 20-year structural guarantee.

Cladco Premium PVC Fascia Boards have a dense core made from PVC which is then encased in ASA (acrylic-styrene-acrylonitrile). This material is the highest weather-resistant resin currently on the market, providing superior strength and durability.

Premium PVC Fascia Boards are made from the same superior synthetic material as Premium PVC Decking and are the perfect choice for those wanting a superior product that is competitively priced.

Key benefits of PVC Fascia Boards

Acrylic-styrene-acrylonitrile, known as ASA, is a superior weather-resistant resin. This material ensures the product does not fade and is 100% UV resistant. ASA is commonly used by premium car manufacturers and ensures it can be used in all types of weather conditions. ASA resin is resistant to damp conditions, mould, mildew and rot.

Cladco Premium PVC Fascia Boards can be used in projects which require it to be low to the ground and also in projects which are very damp. The Premium Decking material has superior moisture-resistant properties, enabling even the wettest areas can benefit from PVC Decking. Areas such as swimming

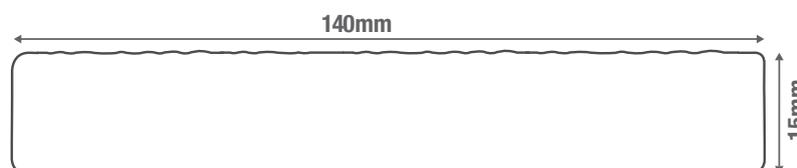

pools or under or near a hot tub can be used with Cladco PVC Decking.

The Premium PVC material is tough, strong and will not easily stain or scratch. PVC Decking will resist minor scuffs and scrapes with everyday use, and because the material is non-porous it ensures stains can easily wipe off.

Premium PVC Fascia Boards have low maintenance properties. Simply by washing the surface with soap and water regularly, you can keep it looking its best with the occasional pressure wash. Fascia Boards are easy to install to hide exposed Joists from raised Decking areas. The Cladco Premium PVC Decking range is backed by a 20-year stain and fade warranty.

SPECIFICATIONS	
Board Length	3.6 metres
Board Width	140mm
Board Thickness	15mm
Each board weighs approximately	5.08kg
